# Our January 1909 White Sale

Which begins on Monday, the 4th, will be especially interesting to those who choose at this season to replenish their household linens and personal supplies of wearables.

There's wisdom, too, in laying in a stock of white materials to be used later -in the summer time-and many of these goods have been purchased and are offered below their real values.

The White Sale represents a collection of practical white wear and white fabrics, all useful and necessary, and we feel justified in saying that at no other time will you find such splendid values. Prices are special-lower than usual in some cases, but not all-marked on such a basis as only our great purchasing tacilities and outlet make possible.

The best products of the looms of France, Germany, England, Switzerland, and Belgium are represented here, along with the matchless merchandise of our own land.

The goods include:

Muslin Underwear, Muslin Bed Coverings, Muslin by piece or yard, Cotton Wash Materials, Household Linens of every sort, Lace Curtains and Bed Sets, White Enameled Beds, Blankets and Quilts, Handkerchiefs, Men's Furnishing Goods, Stationery (both social and business), China and Glassware, Bric-a-Brac.

The character of our White Sale is so well known, the intrinsic values so appreciated, that the simple announcement of our readiness is significant in its import. Sale will begin Monday, January 4.
